

JOHN MARTIN, air pollution specialist with the Will county health department, had just changed filters in the air sampling unit on the roof of the Mokena village hall when this picture was taken. Twenty-four hours earlier this filter was solid white, like the border you see here. That dirty gray portion is made up of solids in the air we breathe, trapped by the filter.

County Health Dept. Studies Air Pollution

Two high volume air sampling units have been installed on the roofs at the Mokena village hall and the Monee elementary school by the Will county health department, Dr. Herbert S. Miller director for that department announced today.

The air sampling units will be in operation for two 24 hour periods a week. The units will gather samples of solid materials suspended in the air such as dust, smoke and ash particles.

The health department expressed its appreciation to the village officials of Mokena and the board of education of the Crete-Monee unit school district for making the installation of the air sampling devices possible.

The two air sampling devices are part of a moni-

toring system being installed throught the county by the Will county health department. The purpose of the system is to get an accurate measurement of air quality in Will county and to discover possible sources of air pollution.

When the prevailing wind is from the east or the northeast or from the west there are more solids collected, presumably from highly industrialized areas in those directions, it was said.

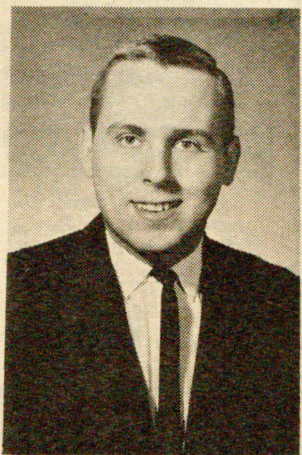

Air pollution at Frankfort and New Lenox, it was said, is likely to be comparable to the conditions at Mokena. Later the health department plans to add another instrument which will measure the amount and kind of gases in the locality.

Mary Gottlieb, Former Mokena Resident, Dies

Mrs. Mary Ethel Gottlieb, nee Pierce, 45, formerly of 194th st., Mokena, died of a lingering illness in St. Mary's hospital at Quincy, Ill. Tuesday, May 18.

**beat the heat with
whole-house electric
air conditioning
for as little as
40¢ a day**

If you've had the notion that central air conditioning is something reserved for rich people, you probably haven't checked into electric air conditioning lately.

Example: Since 1955, the installed cost for whole-house electric air-conditioning systems has dropped about 1/3. This means you can have central air conditioning installed in the average 6-room home for about \$800 to \$900—and make it a haven from heat and humidity.

What do you get besides cool? A healthy family for one thing. With an electronic filter sneezes will be few and far between because over 98% of the pollens are removed from the air. And, since windows stay closed, dust and noise stay outside too. Because you're comfortable, you sleep better and eat better.

What are the dollar-and-cents facts? Installed costs are low and there's less maintenance with an electric air-conditioning system. You can keep a whole 6-room house comfortable for an average of only 40¢ worth of electricity a day...based on a 120-day cooling season. (Actual electricity costs may vary depending on house design, construction, location and weather.)

It's easy to finance whole-house electric air conditioning. Lending agencies encourage central system air conditioning on the basis that a house without it will be obsolete more quickly, and will be harder to sell. Because of this, banks and loan companies are willing to extend a loan as a part of a mortgage or offer a short-term home improvement loan when you install a central system.

Stop sweltering... call your air-conditioning contractor or dealer for a free estimate, today!

Ziegler-Waldvogel Vows Said At St. Jude Church

Miss Virginia Ziegler became the bride of William Waldvogel on Saturday, May 1 in St. Jude's church, New Lenox.

Given in marriage by her father, the bride wore a floor touching sheath gown of white silk organza enhanced with Schliffi embroidery. The fitted bodice was cut with a bateau neckline and chandelier sleeves. A crown of roses touched with seed pearls held her veil of imported silk illusion in place, and she carried a semi-crescent of white gardenias and stephanotis.

Mrs. George Bucksar attended her sister as matron of honor. She wore a sheath gown featuring a camelia

pink chantilly lace bodice and peau de sole skirt with a matching over-skirt. Seed pearls trimmed her dyed-to-match crown and she carried a semi-crescent of red roses and pink carnations.

Dressed identically with the matron of honor was Mrs. James McCabe, bridesmaid.

Robert Waldvogel served his brother as best man and ushers were George Bucksar, brother-in-law of the bride and James Fagen, brother-in-law of the bridegroom.

Following a wedding trip to Kentucky, Virginia and Tennessee, the newlyweds are now residing at 11311 N. Center st.

Coach Gives Background Of Lockport Golfers

BY COACH BOB BASARICH

The 1965 golf team could possibly be the youngest team to represent Lockport Central High School in many years. The varsity team consists of two seniors, a junior, and three sophomores.

At this time the team has already set some school records. A team score of 309 for 18 holes in a match against Argo was made by Del Bitter 71, Matt Pisut, 78, Tom Strandberg, 80, and Dave Strandberg, 80.

Three individual records

have been set. They are sophomore Del Bitter's 18 hole score of 71 and Del's nine hole score of even par 34. Dave Strandberg, another sophomore, shot a one under par 36 on the first nine at Big Run Golf Course to set another record.

Continued effort and hard work and this team could have a successful year. To date the team record is 8 wins, 1 loss and 1 tie. Teams defeated by Lockport Central include Eisenhower of Blue Island, Argo, Bloom, Joliet Central, Joliet West, Carl

Sandburg and Joliet East. Lemont and Lockport played a tie game and Lockport Central lost to Joliet Catholic.

Portermite are all sophomores and freshmen who have a record of 5 wins and 0 losses. This team consists of Joe Laughlin, John Johnson, Mark Libersher and Al Kryzak, sophomores; and freshmen Joe Mikan, Dough Miller, Jim Ferry and Brad Brill. This squad has beaten Joliet West, Bloom of Chicago Heights twice, Joliet Catholic High and Lemont.

A coach's view of the varsity players of Lockport Central reveals that Del Bitter averages a 78 for 18 holes this season and since he is only a sophomore it is believed that he has a fine future. Del was the winner of a varsity letter in his freshman year and this is considered quite a feat.

Another sophomore with a fine future is Dave Strandberg. Dave has an 81 average so far this season, and has shown improvement right along.

One of the three returning lettermen and only a sophomore, Larry Vernon is averaging 84 this year. He is a fine putter but the coach thinks he could work a little harder.

Dough Ingram is the only junior among the starting six players. Doug's game is improving very quickly and is averaging 85. His teammates and coach are counting on him for two good seasons.

Senior Bob Coon is a returning letter winner. Bob

has been slow in coming around this season but is averaging 84 per round. His best games are under pressure. Bob plans to attend Illinois State University Next year.

Every team has a dark horse and Tom Strandberg is Lockport Central's. Tom hasn't played too much but carries an 83 average. He will be one of the main boys at the district and conference meets.

Coach of the Lockport squad Bob Basarich played golf for Proviso High School, Maywood and then played for Illinois State University when completing his education there. While there he was made captain of the golf team of 1958. He taught at Kelvin-Grove schools for five years prior to coming to Lockport Central where he is in his second year of teaching.

Lockport Central this year for the first time had a fall golf program, a training program and a summer program, besides the regular golf season. Lockport's Park District also had a golf program during the summer. Basarich will run a golf school this summer, July 26 to Aug. 13.

Lockport Central's golf coach and team would like to thank Big Run Golf Course, George Gee Sr., George Gee, Jr., and Ken Hermans for their fine cooperation in developing the program. Without the help of these kind and generous people we would not have the golf team that now exists at Lockport Central.

TRICKY WIND

Swirling, unpredictable winds make the par-3 No. 12 hole at Augusta National Golf Club one of the trickiest in the world.

CENTRAL SQUAD -- Members of Lockport Central High School's golf squad are (kneeling) Coach Bob Basarich, Al Kryzak, Jim Ferry, Craig Daub, Jim Beavers, Doug Miller and Gary Nagel. Middle row: Mark Libersher, Joe Mikan, Joe Loughlin, Jay Batson, John Johnson, and Mark

Misus. Back row: Del Bitter, Doug Ingram, Larry Vernon, Tom Strandberg, Dave Strandberg, Bob Coon, and Matt Pisut. Also on the squad are Bill and Brad Brill.

Free Group Golf Lessons For Women Popular At Willow Run

Giving group lessons, as well as individual instruction, is anything but new in the long career of Tom Geary, pro at Willow Run Country club.

When he was at Indian Head he used to have 200 out for group instruction and the same at other courses in the past. He was at Biltmore Country club and Oconto, Wis., before he gave up teaching golf to become associated with the City National Bank

at Chicago. He was at the bank 13 years but he never lost his interest in golf.

He has been a resident of Mokena for 13 years now and some years ago when the Civic Association was in charge of Mokena Community park (that was before the park district was formed six years ago). Geary used to give group lessons in golf in the late spring and early summer.

He is giving such a course

for women at Willow Run and anyone interested is welcome. The classes meet Tuesday mornings, the beginners at 9:30 and the advanced group at 10:15, and the lessons are free.

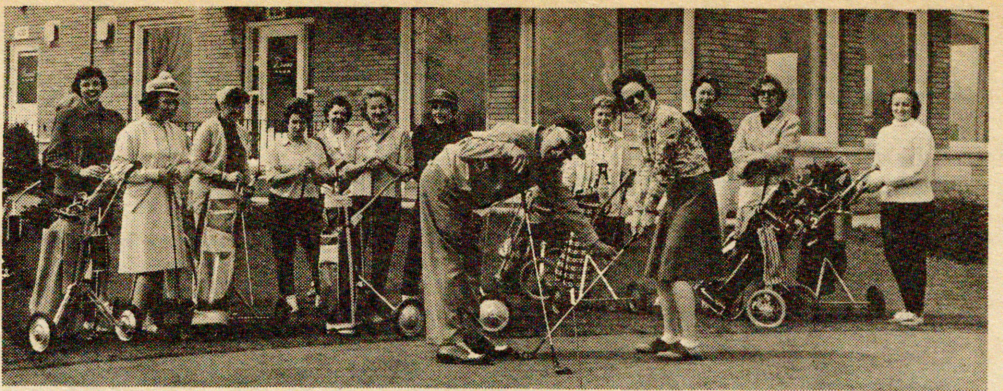

The course runs six weeks and is now half over, unless it is decided to extend it.

The pupils learn how to grip the club, how to stand, how to pivot and how to swing, and Geary takes them thru every club in the bag, from driver to putter.

There was a popular tune once... "if you ain't got that swing..." and the same hold true for golf, it was pointed out. Grooving the swing and practice will enable anyone to cut strokes off his or her game, it was pointed out.

The women of Willow Run have an organization of their own, the Willow Run Women's Golf club. The members play every Thursday morning, starting at 9:30 and they represent several neighboring communities, Mokena, Tinley Park, Frankfort, New Lenox and Homewood, to name a few.

In the off-season they play bridge and have luncheons. They all enjoy themselves and hope more women will join them. No formal invitation is necessary, it was pointed out, just come out to Willow Run and join the fun.

PART OF CLASS that get groups lessons at Willow Run Country club at Marley from the pro there, Tom Geary. They aren't really going to take a driving lesson on the green. Every golfer likes birdies so when the photographer promised to show them birdies if they would "just step over here," it was only natural for them to follow his suggestion and thus save the wretch the walk to the practice fairway. That's Geary, of course, bending over and looking up (one is taught to keep one's head down in golf but the rules of photography are different) is Mrs. Robert Baker, of Homewood. Eagle Golfers Always Contenders For Title

Situated as it is, a pitch and run from the nearest golf course, Sandburg high school has turned out some good golf teams over the years.

This year's group won eight matches in conference play while losing five and finished fourth in district tournament. Last year the Eagles won the district. They are always contenders for top spot.

Sandburg was host to the conference meet at Silver Lake May 21 and Coach Richard Finley's charges will be out to pile up points.

Not all of the Southwest Suburban Conference schools field golf teams. Besides Sandburg there are teams from Bremen, Home-

wood-Flossmoor, Oak Lawn, Reavis, Evergreen Park and Rich East. When the Eagles make up their schedule they also book matches with such schools as Crete-Monee, Blue Island, Joliet Catholic, Tinley Park and Lockport.

On the team this year is Dave McIntosh and Bill McIntosh, of Orland Park; Kirt Yelnick, Palos Park; Bert Coghill, Orland Park; Don Mozen, Palos Park; Jim Davis, Palos Heights; Tom Maloney, Palos Park and Al Sprinkle, also of Palos Park.

Coghill is a freshman this year and Maloney a sophomore, so with some juniors Finley will be ready to build up another good team next year.

Scribe Views Lemont High's 1965 Record

BY RUSS SANDBERG

Preceding the start of the current golf season at Lemont High, I made mention of the fact that our Indian linksters could very definitely be an area power this year.

With the season now in its final stage, Lemont's outstanding record of 9 wins, 2 losses and 1 tie, certainly tends to back up my pre-campaign prognosticating.

To give a further illustration as to the all-around ability of this 1965 squad, it will be remembered that Joliet Catholic High, who managed a 11th place finish in the recently completed state tourney at Champaign, edged the locals by one lone stroke in a dual match at Cog Hill Country Club.

FIRST TIME

Also, for the first time in the history of sports at

Rolling Hills Is Versatile New 9

Rolling Hills, a new nine hole short course was opened in August of 1963.

The new nine, also located at 147th and 82nd ave., will increase the Silver Lake golfing facilities to 45 holes. At present, two full-length 18 hole courses are in operation.

The Rolling Hills course, which measures 1,600 yards and plays to a par 29, seven par three holes and two par four holes, is laid out on hilly, rolling terrain which makes each hole almost a separate entity. Elevated tees, elevated greens, trees, sand traps and water, combined with the natural growth of shrubs and bushes, make an ideal and picturesque setting for the course.

Placements on the large greens, which each measure at least 8,500 square feet, and the large tees can be moved about to drastically alter each hole. The premium will be on accurate play, not just reaching the greens. The large, rolling greens will leave the player

in danger of three putting unless his tee shot or approach shot is put close to the flag.

The decision to build the course was influenced by several factors: the increasing interest in the game of golf and the corresponding increase in players; the shortage of land that can be used in building golf courses; the increase in the amount of leisure time for many persons; the overcrowding on existing golf courses; and the desire to provide the golfer who has a minimum of time and opportunity to play.

The course was laid out to provide a test both to the beginner and the scratch player and to give both an opportunity to use every club in the bag during the round.

Titans In 2nd Golf Season

BY TOM SCHWANDT

Presently engaged in its second season of play, the Titan links team has had its ups - and - downs. Currently sporting a two and four record, the varsity team, under the direction of 'Bud' Moretz, has defeated teams from Oak Lawn and Lockport West and dropped matches to Thornton Fractional North, Rich Central, Crete-Monee, and Bremen.

Two of the Titan losses were near misses as Tinley lost by only two strokes to TFN and three strokes to Bremen.

Leading the Titans this year are a pair of two fine golfers, a junior and a senior-Rick Murray and Jim Kistner. Murray and Kistner consistently turn in medalist performances for TP and very often one or the other of these two take the medalist honors for the entire meet. Murray recently turned in an outstanding 38 on the back nine of Silver Lake C.C.

Rounding out the squad on the Varsity level are: junior Bill Borem - another exceptional golfer, always turning in one of the four lowest scores for Tinley; Barry Krause - a senior playing his first and last season for TP; Jim Roberts - a junior who promises to be a tough competitor in his senior year; and Bob Fleming - a sophomore who plays a good game and looks to be an upcoming threat on the Varsity level. On the sophomore level of competition it is Rick Murray's brother Tom who leads the pack. Tom also plays a fine game for a soph, and he will no doubt prove to be a tough Varsity competitor.

Lemont High, we had an individual athlete qualify for state final activity at the University of Illinois. This honor belongs to sophomore golfer Dennis Lucheon.

Dennis earned his trip to Champaign on the strength of the fine round of 78 he shot in district tourney play at Silver Lake. This mark enabled him to gain a tie for medalist honors, along with Lockport Central's Dave Strandberg.

In individual competition, while matching shots with the best high school golfers in the state, young Lucheon managed to finish in the upper 1/3 of this stellar group.

While golf, on a competitive basis at Lemont High, has a history which dates back to around 1935 or 1936, it wasn't until 1961 that the real renaissance set in. There were some teams playing between the years just mentioned, but it was conducted on somewhat of a haphazard basis.

Finally in 1961, the present varsity mentor, Coach John Jones, took over the reins and started laying the groundwork which has resulted in an outstanding season just 4 years later.

Coach Jones and his team have also benefitted from the presence of varsity football Coach Jan Cralle. Jan has been a big help during the past two seasons in his role of assistant coach.

No doubt there are several reasons for this upsurge of interest in golf at Lemont High, but one of the factors had to deal with the excellent playing facilities which abound in the Lemont area.

Country clubs the caliber of Cog Hill, Gleneagles, Big Run and the newly renovated Old Oak (formerly Kinsman) can more than hold their own with any public fee courses in this part of the country. They also provide summer employment for a good portion of our present golf squad.

A total of 15 young men contributed in one way or another toward the success enjoyed by this 1965 team. Of this group, only Dennis Shifflet, Scott Wlodarski and Ken Mangrum are members of the senior class. They were also kind enough to provide me with some background information on themselves.

Dennis Shifflet - Parents - Mr. and Mrs. George Shifflet of 523 Czacki St. Dennis plans to work at Cog Hill during the summer and then will enroll at Illinois State University for the fall term.

Scott Wlodarski - Parents - Mr. and Mrs. Edwin Wlodarski, who reside at 99th and Hill Road. Scott hopes to find summer employment at Electro Motive in LaGrange. He also will be going on to college in September.

Ken Mangrum - Parents - Mr. and Mrs. Grady Mangrum. Ken has thoughts of future college work, but for the present, he will concentrate on being a good electrician apprentice.

Sophomore squad members include Dennis Lucheon, Nick Mokolke, Tron Slager, Mike Mangrum, Norbert Povalish, Robert Johnson and John Bumber. The freshman contingent is made up of Steve Niemec, Mickey Fabek, Mike Jungels, Dave Sniegowski and Doug Berglund.

These are the boys whom I firmly believe will transfer Lemont High golf from area power status into a full-fledged state power category.

WWGA Open At Beverly Attracts Star Field

Beverly Country club in Chicago with a handsome re-modeled club house and a perfectly groomed golf course will again play host to the Women's Western Golf Association for the 36th open championship. June 10 thru 13 are the dates all the playing pros, with many prominent amateurs, will meet for the third time at Beverly.

The Women's Western Golf Association and Beverly Country club are friends of long standing since the first meeting in 1908, four months after the club had acquired the ground for its now famous golf course. The WWGA was just seven years old on that day in July when the women of the Chicago area met for an Open Day. That successful event has been followed thru the years with many more Open Days, two Junior Championships, one Derby and three Open championships conducted by the WWGA.

The two former open championships were important events in golfing history with the 1937 Open heralding the appearance of a professional woman golfer as the winner. The WWGA Open inaugurated in 1930 for public park and daily fee players to find competition with the golfers from the WWGA member clubs had grown in fame since it was the only Open in the world at that time. Helen Hicks who won at Beverly in 1937 became the first of a long line of pros

to win the title of open champion, the possession for one year of the new Edna Walker Cup and a silver prize.

In 1960 the field of golfers playing in the Open had changed in every way with many girls and women making golf their profession and playing for their living. The prize for the winner had changed in 1960 as had the format of the game. The prize was silver dollars in the form of a check for 1,313 dollars for Joyce Ziske who had tied for first with Barbara Romack with 302 and had won in the second hole of the play-off. Barbara received 1,012 with a purse of \$7,500 divided among the rest of the 19 winners.

The field of pros and amateurs entered will qualify for flights June 10 and 11 with the two 18 hole rounds included in the total 72 holes. The 32 lowest qualifying scores including ties will constitute the championship flight. The remainder of the field will qualify in flights in similar manner.

Beverly with its lush fairways and beautiful greens is a difficult but fair course with bunkers and hills. The yardage of 3259-3140-6399 with the par of 37-36 will be a challenge to the very best golfers in the world and with a help from the weather the 34 and 33 Joyce had on the second nine for the last two days of play in the 1960 may be repeated.

Entered are all the play-

ing pros belonging to the LPGA.

Among them:

Carol Mann, the defending champion is well-known in the Chicago area having played in and winning both the Women's Western Junior Championship and the Chicago Women's District title.

Patty Berg celebrating her 25th year as a golf professional. Patty has won every golfing honor including the title of the only seven times winner of the Women's Western Open. She has won 81 tournaments in her career.

Louise Suggs of Atlanta, four time winner of the WWGA Open making the total of 50 LPGA titles.

Mickey Wright of Dallas, winner of the WWGA Open twice in succession (1962-1963), winner of the USGA and the LPGA Opens four times each. Mickey has found her years as a professional also successful moneywise. She has been leading money winner in the LPGA for the last four years. This spring Mickey won the Baton Rouge Open.

Betsy Rawls of Spartansburg S.C. was for 14 years a top ranking member of the LPGA, winner two times of the WWGA Open, the USGA Open four times and the LPGA once.

Ruth Jessen now registering from Bonsall, Calif., tied for second for the WWGA Open title in 1964. Ruth won four tournaments in 1964 and

National Golf Day Is May 31

When the 14th annual National Golf Day is held Monday, May 31, at golf clubs and courses all over the United States, more people will compete in it than any other single sports event in the world.

For 13 years, The Professional Golfers' Association of America has sponsored National Golf Day and given the nation's golfers an opportunity to challenge America's National Champions.

By taking part in "Golf's Only Day for Golf Projects and Charities" from 1952 to date, the golfers of the United States have made available nearly \$1,000,000 for distribution by National Golf Fund Inc.

From 1952 to date, a total of 1,168,363 men, ladies, boys and girls have participated in National Golf Day. No other event in golf or in any other sport has ever attracted so many contestants.

Golf Tips From One Who Knows

BY TOM SCHWANDT

'Bud' Moretz, Varsity and Sophomore golf coach at Tingley Park High School, offers this golf tip to improve your game: "A very common trouble for the Weekend golfer is the backswing. Somewhere the high handicapper gets the impression that a quick, exaggerated backswing will increase distance. Nothing could be further from the truth or cause more fades, slices, or half-hit shots. The backswing's only purpose is to position the clubhead and golfer's body in a controlled, balanced posture to start the downswing. Of course power can only be generated in this latter part of the swing. A fast backswing causes the clubhead to lag behind the hands. This creates the necessity to readjust later in the swing. Seldom will the clubhead meet the ball squarely. Slow your backswing and enjoy an improved game."

Here are some other handy golf tips that may take a few strokes off your score: When chipping, keep your right elbow on your hip, keep your club straight and low, using your wrists only. When pitching to a green, bend the wrists to the maximum and hit down and through-hands forward. If you want to keep the ball low place your hands ahead of the clubhead, keeping your weight to the left, and hit down and through the ball. If, on the other hand you want loft in your shot, place your hands even with the clubhead with your weight to the right, using lots of wrist action in the swing.

When playing an uphill lie, use a straight-faced club to keep the ball low, keep your weight to the left and use a shortened swing. On a downhill lie, use a lofted club to gain height, shorten your swing and keep more weight to the left. When playing a bad lie such as heavy grass, don't try for distance, just hit down and through. When shooting across water use your normal swing and don't look up, and when playing into the wind place the ball off to the right and take it easy!

AMONG THE ACTIVITIES which have benefited from their generosity in the past are Turf Research and Education, the PGA Relief, Benevolent and Educational Funds, Golf at Veterans Hospitals and Armed Forces Stations, Golf for Amputees and the Blind, Junior Golf and Caddie Scholarships.

In the early years of the activity, large sums went to such non-golf charities as the United Service Organizations, the American Red Cross, the United States Olympic Fund and others.

In recent years, however, National Golf Fund Inc. has concentrated on golf projects and charities.

Oldsmobile will sponsor the live telecast of the "Round of the Champions" to be played at Laurel Valley Golf Club, Ligonier, Pa., Monday May 31 from 5 to 6 p.m. EDT.

BOBBY NICHOLS the 1964 PGA Champion, and Ken Venturi, the 1964 USGA Open Champion, will meet in the "Round of the Champions" to set the "target" score for the nation's golfers.

Although National Golf Day will be observed Monday, May 31, golfers everywhere will be able to shoot National Golf Day rounds from Monday, May 17 through Monday, May 31.

Among the national organizations which co-operate in National Golf Day each year are the United States Golf Association, Western Golf Association, Golf Course Superintendents Association of America, National Golf Foundation, National Amputee Golf Association, United States Junior Chamber of Commerce, American Women's Voluntary Services, Middle Atlantic Blind Golf Association, United Voluntary Services and the United States Blind Golfers Association.

In each of the last six years, the Governors of from 25 to 30 of the States have given official recognition to National Golf Day in their States and have urged all golfers to participate.

and was ranked second in the money.

Kathy Whitworth from Pecan Valley Golf club at San Antonio was a newcomer in the pro world having played only one year as a pro when she played in the 1960 Open at Beverly. She tied for 19 then but since then after winning three tournaments in 1962 and the runner-up in eight and in 1963, winning eight tournaments in 1964, gained the rank of third money winner. With this record and the title of winner this spring of the St. Pete Open, Kathy will be among the top scorers.

Amateurs entered include Carol Sorenson of Wisconsin winner of the WWGA amateur in 1962, three times Wisconsin state winner and last summer chosen to represent the United States on the Curtis team and as one of the three members of the International team.

CSHS Golf Team Shoots 316 To Win SWS Title

The Carl Sandburg golf squad emerged victorious Friday in the conference tournament at Silver Lakes' North course by setting a record of 316 for the layout.

The two low scorers in the event were Eagles and interestingly enough, brothers. Dave MacIntosh, a senior, competing on the varsity level for his fourth year, shot a 37-38 for a

Knights Down Rich-East 12 to 8

BY NORM BEEBE

Lincoln - Way's baseball Knights scored a 12-8 conference victory last Friday over the Rich - East Rockets. This game marked the fifth victory for the Knights in 12 encounters. It also marked the fifth loss in 12 encounters for the Rockets.

Jon Davis took the game honors by pitching 3 2/3 innings, giving up eight hits, walking two and striking out four. Mike Derrig completed the game for the Knights by pitching 3 1/3 innings, giving up four hits, walking none and striking out two.

Pat Sullivan accepted the loss for Rich - East by pitching 1 1/3 innings, giving up three hits, walking one and striking out none. Andy Gladstone pitched 1 2/3 innings, giving up four hits, walking three and striking out three. Mike Engman completed the game for the Rockets by pitching the remaining four innings, giving up four hits, striking out four and walking four.

Seven runs in the first inning contributed greatly to this victory. Larry Sorrenson led off the first with a double and advanced to third on a sacrifice by Paul Schubert. Ken Kamradt was hit by a pitched ball which loaded the bases. Rick Fitzgerald drew a walk which sent Sorrenson home and still kept the bases full. Jon Davis was safe on an error and a double off the bat of Larry Resutka sent two of his teammates home. A single by Bob Gast scored Davis leaving Resutka on third and Gast on second. An error off Sorrenson's bat scored Resutka and concluded the seven run first inning for the Knights.

The remaining four runs were scored in the second inning with the final run of the game crossing the plate in the sixth inning.

Rich-East scored two runs in the second, one in the third, three in the fourth and two in the fifth.

They are to purchase license tags for their pets from him either in person at his office, 137 Linden drive, Frankfort, or sending him a check made payable to him as Frankfort town assessor, and giving him a description of the dog. The fee is \$1 for male and sterilized female dogs and \$3 for unsterilized females. Rates are set up for kennels. Persons with questions may call Mr. Smith at 469-5394.

one - over - par 75, walking away with medalist honors. Young brother Bill, a sophomore, shot a career low of 76, gaining second place in the tourney.

The victory insured the Eagles their first conference title in five years. Other scores for Sandburg included Tom Maloney, a freshman with an 82, and Curt Yelnick, senior, with an 83. Yelnick and the elder MacIntosh share the title of co-captain on the squad.

The team score was a new varsity and conference record at the North Course of Silver Lakes.

Coach Richard Finley was very much pleased with the fine showing of his squad but somewhat surprised.

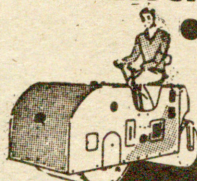

When approached after the match Finley admitted: "I thought before the tourney

that if we shot a 320 and finished in second place we would be in decent shape."

The Junior Girl Scouts held their Mother-Daughter banquet at the school Saturday, May 15. The mothers were served a delicious meal, followed by an entertainment program with Barbara Harris as mistress of ceremonies.

Nan Kronick, Susie Kilgore, and Janice Karkos participated in a modern dance routine. To finish up the program, a Walt Disney educational film was shown.

A very special thank you to the Cadette girls for assisting at the banquet. They did a commendable job. Without their help the Juniors could not have given their mothers their undivided attention.

Chef's choice Look again...and you'll buy Gas!

Why does a professional chef choose gas? More than 95% of the chefs in our area do. And for the same good reasons most homemakers do.

Speed. Gas gives you instant-on, instant-off response. No hangover heat to scorch your food or overheat your kitchen.

Controllability. Infinite variations of heat for delicate sauces and vegetables.

Open-flame flavor. Steaks and chops broil perfectly. Roasts brown beautifully ...cook juicy and tender inside.

Economy. Only gas gives you so much cooking at such small cost.

Chic, colorful gas ranges for the home also offer the finest in modern automatic convenience features. Burner-with-a-Brain ends pot watching. Automatically maintains any temperature you choose. Programmed Oven cooks dinner automatically, then turns itself down to hold food at perfect serving temperature for hours. You can cook like the finest chefs on a stylish gas range.

Visit your appliance dealer's, or any Northern Illinois Gas Company showroom.

Gas makes the big difference...costs less, too.
